REPORT OF BOARD OF HEALTH.

The Board of Health submit the following report :

On Jan. 16, 1901, this board received notice from Dr. Chesnut of Antrim that a case of small-pox existed at the house of Louis Gilman. Dr. Watson, of the State Board of Health, was at once notified, who sent an expert on the disease, and it was pronounced by him a genuine case of the disease. The board thought best to take all precaution possible to prevent the spread of the disease, and acting under the advice of the State Board, the house and family were immediately placed under strict quarantine. The members were all ordered vaccinated, which was done at once.

Under these regulations no more cases have appeared, and at this date the one sick has got along well and nearly recovered.

On the same date as the above, Dr. Warner of Antrim reported a case of measles at N. W. Farley's, the patient being Raymond Farley. The next day Ethel Farley was taken sick with the disease. The exposure from these two cases was quite general, and to this date 26 cases have been reported, and no doubt more have been exposed.

Each infected house was immediately placarded, and all precaution taken to prevent the further spread of the disease. As the Farley children were attending school at the time they were taken down, it accounts for the large number of cases.

Although some have been quite sick, all are doing well at this time, and it is thought that the epidemic is about over.

These two are the only infectious or contagious diseases that have prevailed in town during the year.

Respectfully submitted,

C. H. DUTTON,	} Board	
WILFRED M. DAVIS,		of
A. B. STONE,		Health.

Feb. 15, 1901.

SCHOOL REPORT.

TO THE CITIZENS OF HANCOCK: Your school board would submit the following report for the year ending Aug. 1, 1900.

The same number of schools have been run this year as usual and with fair success. In No. 3 at the vacation in the fall term we made a change of teachers. The one that taught the first half came to us well recommended, but she lacked in discipline, thus proving again that there are other qualifications which are just as necessary as education to make a teacher a success.

The books are in fair condition with the exception of Arithmetics, Grammars and Geographies, and at the fall term 1900, we introduced a new Arithmetic and Grammar which we think are an improvement over the old ones.

The school house in No. 7 has been shingled this year.

A new pump and pipe for the school house at the village had to be put in this year, the old one having become worthless.

The school houses we think are in very fair repair with the exception that they will need painting soon.

The board wish to return their thanks to both teachers and parents for the courtesies received during the past year.

Following will be found the statistical table, and in the treasurer's report the financial statement.

All of which is respectfully submitted.

C. H. DUTTON,	} School Board.
